FRIENDS of HOSPICE
Southwest Washington

It's a new year, let's... Make Every Day Amazing!

Our mission is to provide funds for the care of hospice patients through established hospice organizations in Southwest Washington.

Volume 1, Issue 1 February, 2018

MESSAGE FROM THE PRESIDENT

Well here it is 2018! Can you believe it? We all say the same thing; time goes by way too fast, especially at the end of the year with the holidays and all the events and chaos of the "Holiday Season."
So now New Year's Resolutions???? I found out long ago making resolutions to change habits and life turned out to be very short lived!!!

HOWEVER, I have always tried to remain steadfast at making a goal or two to help remain on track and always tried to exceed those goals!

Now, as I humbly enter the office of President of Friends of Hospice Southwest Washington, I would like to share a few goals regarding how I envision FOHSW will continue to grow and be the **GREATEST FUNDRAISING ENTITY** supporting our hospice community endeavors!

GOALS for 2018
Continue to hold our regular **FUNDRAISING EVENTS,** while looking for new opportunities, and evaluating each one along the way for its success and relevance.

Continuing many of our current committees while adding new ones, such as:

* **Business Membership Development**, which would create giving levels for corporate donors and separate specifics for sponsorship donors and anonymous donors.
* **Speakers Bureau** to assist with educating our community and beyond about our mission and to gain wider recognition, support and new members.
* **Education Committee** to enhance and support further development and support of End of Life Coalition.
* **Marketing Committee** to create marketing materials for a number of venues, promotional brochures and articles for assorted publications and newsletters and to grow our Facebook and social media presence.

All this takes money of course. With the Grace of God and all of us working together and supporting each other and Friends of Hospice Southwest Washington….. we can do it!

WHEW! Well that is the plan, now we need YOU! Please consider joining one of our committees, we are a COMMUNITY, and, there is no COMMUNITY without **U!!!!**

I thank all of you for your love and support of this fabulous organization.

Gail Czech, President

FLOWERS FOR FRIENDS

In early October 2017, Debbie Iverson stepped into Awesome Flowers, a lovely flower shop on Grand Blvd. in Vancouver. After a brief chat, Joel (the owner) mentioned that he would like to help by providing flowers he wouldn't be able to use for arrangements but were still in good shape. Joel and Debbie created a plan, that every Tuesday the donated flowers will be picked up at the flower shop.

Debbie, Beth Anderson and Nancy Kotrlik go to the flower shop where Joel has buckets of flowers ready. Debbie delivers flowers to The Elaine and Don Heimbigner Hospice Care Center and Beth and Nancy delivers flowers to the Ray Hickey Hospice House.

The flowers are arranged in containers and placed throughout the facilities, the Chaplin's Office, hallway corners and the Family Room, etc. Often times at the Heimbigner Hospice Care Center the flowers are arranged by the receptionist and other times Debbie enjoys using her skills.

One day at the Ray Hickey Hospice House, Nancy saw one red rose remaining. Instead of placing it in a little vase she remembered seeing a lady sitting in her wheelchair in the courtyard. Inspired, Nancy went into the courtyard with the rose and asked the lady gently if she would like to have it. The woman was overcome with emotion as she cradled the rose in her hands and cupped the flower in her tired face. The family witnessed this and nodded their appreciation. It was immediately evident just how touching a red rose and seeing flowers in corners softens the impact of why they are there.

Everyone is encouraged to participate in this very rewarding endeavor. Please contact Beth Anderson or Debbie Iverson to

Friends of Hospice Southwest Washington Help Patients and Families...

Friends of Hospice Caregiver Respite Program

Are you caring for a loved one with a terminal illness or maybe you know of someone who is?

Friends of Hospice SW Washington recognizes that caregivers forego their lives to care for a loved one with a terminal illness and that these incredible individuals **need and deserve a break**. Our Caregiver Respite Program allows family/friend caregivers time off to recharge so they have the strength, energy and spirit to carry on. Each relief opportunity is valued at $2,000 and the hospice patient and family select a professional, licensed, in-home care agency of their choice so they can focus on themselves and not caregiving. The families that have used the fund shared that Friends of Hospice has given them back "normalcy" in their life. If you know of someone that would benefit from the Caregiver Respite Program or would like more information, please contact:

Ray Hickey Hospice House

By Sonjia Hauser RN, Assistant Nurse Manager

Ray Hickey Hospice House

Friends of Hospice Southwest Washington does many wonderful things for our patients that otherwise would not be provided. There are big items such as extra chairs for families, refurbishing daybeds, helping us with our kitchen remodel, and many more. I am so grateful for all of these and I know how much effort goes into raising these sums of money. I have to admit, however, that I have a special love for the smaller, special touches we give – thanks to you. Just in the last month you provided clothes to 2 homeless patients that came to us with just a hospital gown. There is such a sense of loss of value when a person truly has nothing. A pretty sweat suit, some underwear, a nightgown can do wonders for their morale. I was able to buy some special treats for the holidays and add some items such as pies to the Thanksgiving and Christmas meals. We provided gas cards to 2 families that couldn't afford to visit. Just today I bought Mozzarella cheese for a special request for lasagna as well as almost $100.00 worth of nice toiletries for our male and female patients. It is such a blessing to be able to do this. My caregivers, and occasionally myself, get the thank you's from patients and families all the time. That makes us feel good about what we do so you are blessing us as well! We all know that the thank you's belong to you. Our wish for you is that you receive as many blessings in 2018 as you give. Thank you so very much. Gratefully, Sonjia

How the Friends of Hospice Saved Christmas By Colleen Storey

It was in the early morning hours when she found her husband unresponsive lying on the living room couch. 911 was called but all attempts to resuscitate him were futile. This mother of six children, ages ranging from 5 to 15, was at a loss at what to do. There was no life insurance policy and no savings. She did what any loving mother would do; she went to work to provide for her family. The income from her job did not meet the needs of the family so she got a second part-time job, then a third. Still the family struggled to make ends meet.

At the same time, the family was struggling to comes to terms with the death of the spouse and father. The children, not knowing how to process their feelings, began acting out, getting in trouble in school, fighting with siblings and friends, and the oldest began staying out late with friends. Mom decided to give up her third job to spend more time with her children. She enrolled the family into Stepping Stones, a children's grief support program. As Christmas approached is was evident the mother was becoming more and more stressed. Feelings and emotions were running high. Worries over how she could provide any kind of Christmas for her family was weighing heavily on her conscious. The children needed so much, and she had nothing extra to give.

But, Christmas is the season of miracles and wishes come true. Friends of Hospice Southwest Washington give over $800 to Hope Bereavement and PeaceHealth Hospice. A portion provided this family a small Christmas tree with presents of clothing, new winter jackets, Christmas dinner and a special gift from Santa. Through her tears, the mother expressed her gratitude for all the Christmas angels who made Christmas possible for her family! "I just couldn't bear the thought of my children having to face another disappointment after losing their father just a few months earlier." Other items purchased for hospice families included a gift card to the Olive Garden, so a hospice patient could "pay" for a nice dinner with family over the holiday season, electric razors for patients who struggled to shave using a regular razor, and a variety of other gift cards including grocery gift cards.

Hope Bereavement, Stepping Stones, and PeaceHealth Hospice can't thank Friends of Hospice Southwest Washington enough for their support given to patients and their families. You truly make the lives of our patients and families brighter and more comfortable. The gratitude we see on the faces of our patients is what feeds our souls and helps us to continue providing care during this often, difficult time in their lives. Thank you, thank you, and thank you for ALL you do.

Hearts for Bereavement in Clark County

Community Home Health & Hospice
By Michele Kophs, Community Relations Coordinator

Free community grief support is critical to our mission and has been an integral part of our services in Clark County since 1988. We offer these services to everyone in the community, not just those touched by hospice care. In order to better meet the needs in our county, we started the Seasons of Hope Grief Center project.

On January 19, 2018, we held the *Seasons of Hope Celebration & Fundraiser* at Royal Oaks Country Club in Vancouver. Ninety-eight guests attended and $33,171 was raised. Thank you to Friends of Hospice Southwest Washington for a previous $5,000 donation, which inspired guests to join in support of free grief care in Clark County. Proceeds from the fundraiser will support the Seasons of Hope Grief Center and the Memorial Garden in Salmon Creek and on-going free grief care for everyone in Clark County. Seasons of Hope Griend Center is scheduled to open in 2018, which will include dedicated space for children, teens and adults, as well as space for outreach, community presentations and education. The Memorial Garden will lie between the Elaine and Don Heimbigner Hospice Care Center and the Seasons of Hope Grief Center.

Thank you, Friends of Hospice of SW Washington, for your sponsorship and support for this project. Your $8,000 sponsorship and donation will help provide equipment for the grief center and free grief support to members of our community. Additionally, we thank you for your on-going advocacy and support. It really does "take a village," and we appreciate everything Friends of Hospice of SW Washington does for our agency and for our southwest Washington community. This project could not have happened without you!
